GRAIN TRADE AUSTRALIA

India is recognised as an attractive market for Australian agricultural exporters due to its rapidly growing large, diverse and wealthy consumer market, and Australia is recognised as being an attractive partner to provide support to India in identified areas of knowledge, expertise and capacity building.

The Australian Grains Industry Conference (AGIC) India showcases the Australian grain value chain to marketers, processors, consumers and regulators across India.

AGIC India 2025 will be held in **Mumbai, India** for the very first time. The Conference will take place on the **9 April 2025**.

AGIC India 2025 event will build on the success of the previous conferences held in Asia and will address multiple issues including:

- Crop quality
- Quality assurance process in the supply chain
- Improving utilisation and processing efficiency of Australian grain
- Trade policy
- Market access issues.

Keynote speakers, technical experts and decision makers from Australia and India will feature throughout the program, including the Australian Ambassador to India.

AGIC India is a great opportunity to network and help secure access to the fastest growing market and learn about the value proposition and safety of Australian grain. Establish contacts with Australian exporters and India's key flour and feed processors, consumers and value chain providers.
